	All distributors should be able to demonstrate that commission received bears a reasonable relationship to the actual costs of their contribution, level of involvement, or benefit added by them to the distribution arrangement.
Fair Value Review	<ul> <li>Our product governance process requires a full review of all products regularly to determine if the product offers fair value to the end customer. These reviews consider the Target Market, distribution strategy, commission, product design, product information and product performance, together with any feedback from distributors and customers. We also monitor conversion rates, renewal retention, cancellations, loss ratios, claims and complaints as part of this review process.</li> <li>We are satisfied that the product currently offers fair value to its intended Target Market subject to distributors:</li> <li>ensuring that the scope of policy coverage meets the individual needs and demands of the customer, and</li> <li>not charging customers additional amounts over and above the gross premium agreed by us (plus tax as appropriate), and</li> <li>ensuring that no duplication of cover exists having due regard to any other insurances held or non-insurance arrangements made by the client, and to any other products or services sold alongside our policy.</li> </ul>
Customers for whom the product is not expected to provide fair value	This product would not be expected to provide fair value to customers that fall outside the Target Market.

## **Providing Feedback**

We welcome any feedback from our distributors on the performance of our products. All feedback will be considered in our next product review.

If you have any feedback please let us know via your usual contact at MSIEU.
